

GENESIS GLOBAL SCHOOL & NGO COLLABORATIONS

The list of NGOs shortlisted for online service activities for the academic year 2020-2021.

1. ACTION AID INDIA-

actionaid

To work with this NGO the students need no registration fee. The Genesis Global school has a direct tie up with them. Participation certificates will be issued by the NGO. The interested students need to fill the google form (link given below) and the consent form before participating.

<https://forms.gle/CHVGrEqwoRs8JcZc8>.

More information about the NGO can be read at: <https://www.actionaidindia.org/>

This NGO works on different fields from Women empowerment to Child rights. They have designed a customized program for our students.

2. FAIR TRADE SCHOOL PROGRAM- Genesis Global School have a collaboration with Fair Trade India. A snapshot of the program is given below.

Fairtrade Schools Platform: Raising Engagement with Sustainable Consumption & Production

- Fairtrade organisations globally have created Fairtrade India schools programmes which **educate students, teachers and school administrators about sustainable production practices and consumption choices (SDG12) in the food and fashion systems.**
- **Through a holistic programme** of activities, learning kits, field visits, audio-visual learning tools, community engagement campaigns and knowledge sharing across the network, institutions and their members learn about **the social and environmental issues** linked to everyday consumption choices and also how sustainable alternatives can be supported through initiatives like Fairtrade.
- The Fairtrade India schools programme provides a **platform for values based learning and skills development** to inspire young change makers and develop responsible global citizens. Schools can integrate aspects of the programme in their existing clubs, entrepreneurship programmes, sustainability and green initiatives and various classroom and extra-curricular activities.
- There are **1000+ Fairtrade Schools in UK and 450+ Fairtrade schools in Germany** alone. Other countries with active schools programme include- Australia, New Zealand, Hong Kong and Canada and provide an exciting network for institutions and students to exchange learnings about global issues and global goals.

With Fair Trade Genesis Global school will be working on advocacy about climate change and cotton trade.

3. I- VOLUNTEER-

I-volunteer is an organization that works in collaboration with 40 NGO's across India. It is looking for volunteers to work from home on different projects and activities. They offer participation certificates upon completion of work which is free of cost. Students can work directly with them and send the work upon completion to I-volunteer. The outcome developed by the students will be shared with different NGO's. Students can also directly post the work on social media platform and tag them along. More exploration can be done in the link given below.
